

Hosting volunteer

About the role

As a Hosting volunteer you'll be working with the rest of the hosting team to create a warm, welcoming environment for our guests. By serving our guests a free, delicious meal and sharing in conversation, you'll be helping to reduce hunger and loneliness in your community. You'll be supported by a FoodCycle Project Leader, who will help you to develop your hosting skills. You don't need to have any previous experience – just be willing to get stuck in!

About FoodCycle

FoodCycle community meals bring people together with good food and conversation. We serve up free, wholesome meals made from food that would have gone to waste. It's fun, free and there's always pudding.

FoodCycle aims to:

- Connect communities
- Support mental health and wellbeing
- Reduce hunger
- Promote sustainability
- Inspire change

A FoodCycle Project is where the magic happens. Each Project is run on the ground by a team of lead volunteers called Project Leaders, who ensure the smooth running of their FoodCycle Project. Project Leaders are passionate, committed and want to make a positive change within their community. They take ownership and make decisions about the day-to-day running of their Project.

Skills you'll learn

- **Teamwork:** you'll work as part of a team to prep the venue, serve a delicious meal, and clear up afterwards.
- **Relationship building:** you'll build lasting relationships with guests, ensuring they come back each week.
- **Hosting:** you'll support front of house duties, serving food and demonstrating good customer service skills.
